

Website Hosting: E-Rate Eligible

Your school can have a website that has powerful features, yet is simple to use and surprisingly affordable. Scholastic Communications offers more than website hosting—we provide solutions to the challenges schools face every day with communications, accountability, organization, and community building.

All school websites can have an unlimited number of pages. Updating school calendars, web pages, cafeteria menus, photo gallery, school applications and forms, school policies and procedures, web polls, school board agendas, and almost anything else your school needs to share with the community can be accomplished in minutes.

Our partnership with NewNet66 provides direct connections to many school districts and a 1,000Mb connection to the Internet. Dependable servers, technical staff, and backups guarantee your satisfaction.

Request Web Hosting on E-Rate Form 470, and then give us a call for your custom quote for next year, or request a SPIN change and get the best web hosting solution today.
